ABOUT ME

I'm a Flutter-app developer. Besides, we work with CPA Marketing, Craigslist Lead generation, Google Voice etc. I am an experienced person about computers, I have been doing different kinds of work online for 4 long years. At present a popular programming language of the Flutter, I am a student of the Flutter.

WORK EXPERIENCE

2020

DIGITAL MARKETIING

Amazon Seller's Agent/ China

I primarily work with Amazon's product promotion. I work as an agent for China sellers. Its journey started in 2020. The journey of digital marketing continues for a year. After that I do another job in 2021.

2021-2022

ANDROID DEVOLOPMENT

BongoTech/ Dhaka

In 2021-2022. I started learning Android Apps Development. Java was the programming language. I learned this from an online law course by Zubair Hasan bhai. I continued , but then I became interested in working on the crotch platform.

2023-Present

DART PROGRAMMING

StartBit/ Dhaka

To learn native Android I started a course by Niamul Hasan bhai Flatter in 2023. So far I am a student. I am learning Dart programming language and Flutter.
